14 Si un cautionnement garanti par le dépôt d'une garantie accessoire est réalisé aux termes de l'article 13, le trésorier de l'Ontario peut vendre la garantie accessoire au prix du marché. Règl. de l'Ont. 637/93, art. 1, *en partie*.

15 Si la Couronne du chef de l'Ontario devient le créancier d'une personne à l'égard d'une dette due à la Couronne découlant de l'article 13, le registrateur peut prendre les mesures qu'il estime nécessaires aux

termes de la *Loi sur la faillite* (Canada), la *Loi sur les tribunaux judiciaires*, la *Loi sur les sociétés par actions* ou la *Loi sur les liquidations* (Canada) pour la nomination d'un séquestre, d'un dépositaire, d'un syndic ou d'un liquidateur provisoires, selon le cas. Règl. de l'Ont. 637/93, art. 1, *en partie*.

17 Si un cautionnement a été réalisé et que le trésorier de l'Ontario n'a, dans les deux ans de la réalisation, reçu aucun avis écrit d'une réclamation à l'égard du produit du cautionnement ou de la partie de celui-ci qui lui reste, le trésorier peut verser le produit du cautionnement ou la garantie accessoire, ou la partie qui reste, à quiconque a effectué un paiement à l'égard du cautionnement ou déposé la garantie accessoire, après avoir déduit le montant des dépenses engagées, notamment aux fins d'enquête sur le vendeur itinérant, y compris un membre d'une société en nom collectif, dont la conduite constitue une condition du cautionnement. Règl. de l'Ont. 637/93, art. 1, *en partie*.

PARTIE II COMMUNICATION

18 Les définitions qui suivent s'appliquent à la présente partie.

«approximativement» Intervalle ou montant qui ne diffère pas de l'intervalle ou du montant moyen de plus de 10 pour cent. («approximately»)

«contrat à paiements réguliers» Contrat aux termes duquel des paiements sont exigés à des intervalles approximativement égaux et dont les montants sont approximativement égaux pendant la durée du contrat. («regular payment contract»)

«montant médian» Montant qui se situe à mi-chemin entre deux montants. («median amount»)

«période de paiement» Nombre de jours qui séparent les dates aux-

quelles un paiement est exigé aux termes d'une entente. («payment period»)

«principal» Somme visée à l'alinéa 24 a) ou c) de la Loi, qui est réputée impayée ou en souffrance pendant au moins une journée, ainsi que les soldes impayés de cette somme qui sont de temps à autre en souffrance; ne s'entend pas du ou des montants qui font partie des frais d'emprunt. («principal sum»)

«taux annuel» Pour l'application des articles 19 et 20, un pourcentage qui représente 365 fois un taux quotidien qui, s'il est multiplié par le solde du principal en souffrance à la fin de chaque journée pendant la durée du contrat, donne une somme égale aux frais d'emprunt, ou des sommes dont le total est égal aux frais d'emprunt. («annual percentage rate») Règl. de l'Ont. 637/93, art. 1, *en partie*.

19 Le pourcentage exigé par l'alinéa 24 c) de la Loi est, à l'égard d'un crédit, calculé, exprimé et appliqué de la manière suivante :

1. Sous réserve des dispositions 4 et 5 et de l'article 20, le pourcentage qu'un prêteur communique à l'égard d'un crédit est le taux annuel applicable au contrat.
2. Le taux annuel est réputé ne pas avoir été imposé à l'avance sur le principal de temps à autre en souffrance, à condition que les paiements exigés de l'emprunteur soient effectués dès qu'ils deviennent exigibles et qu'ils servent d'abord à réduire les frais d'emprunt accumulés.
3. Pour l'application de la disposition 2, les frais d'emprunt sont réputés être imposés quotidiennement et additionnés jusqu'à ce que le prochain paiement devienne exigible et les frais d'emprunt accumulés représentent le montant ainsi imposé et additionné à tout moment.
4. Si un contrat prévoit des périodes de paiement mensuel approximatives, le taux qui est réputé avoir été imposé chaque mois aux termes des dispositions 1, 2 et 3 correspond à un douzième du taux annuel.
5. Si un contrat prévoit des paiements à des périodes qui ne sont pas approximativement mensuelles, le taux qui est réputé avoir été imposé aux termes des dispositions 1, 2 et 3 à l'égard de chaque paiement correspond à la même fraction par rapport au taux annuel que la période de paiement représente par rapport à l'année. Règl. de l'Ont. 637/93, art. 1, *en partie*.

20 (1) Dans le présent article, «montant du crédit» s'entend de la somme visée à l'alinéa 24 a) ou c) de la Loi.

(2) Le taux annuel qui doit être communiqué aux termes de l'article 19 ne doit pas différer de plus de un pour cent du taux annuel que les frais d'emprunt représentent par rapport au montant du crédit. Toutefois, une différence arithmétique plus élevée peut être permise dans un contrat à paiements réguliers, auquel cas le taux annuel qui doit être communiqué peut être le taux annuel réel que les frais d'emprunt représentent par rapport à un montant qui ne diffère pas de plus de 5 \$ du montant du crédit.

(3) Outre la tolérance permise par le paragraphe (2), si la date d'exigibilité du premier versement à l'égard d'un crédit dont les paiements sont approximativement mensuels et dont l'échéance est de six mois ou plus se situe de quinze à quarante-cinq jours après que le crédit a été avancé, le prêteur peut estimer, aux fins de la déclaration exigée par l'article 24 de la Loi, que le crédit a été avancé à une date précédant de trente et un jours au plus la date d'exigibilité du premier versement. Règl. de l'Ont. 637/93, art. 1, *en partie*.

21 (1) Sous réserve des paragraphes (2), (3) et (4), le pourcentage annuel ou le barème de pourcentages annuels qu'un prêteur communique conformément à l'alinéa 25 (2) a) et à l'article 26 de la Loi est celui qui, s'il est appliqué de la manière prescrite au paragraphe (2) ou (3) du présent article au solde impayé à la fin de la période ou du mois précédent, rapportera une somme égale aux frais d'emprunt ou des sommes dont le total est égal aux frais d'emprunt.

(2) Si un contrat de crédit variable prévoit des paiements mensuels, le taux mensuel applicable aux termes du paragraphe (1) représente un douzième du taux annuel.

(3) Si un contrat de crédit variable prévoit des paiements autres que mensuels, le taux applicable aux termes du paragraphe (1) à l'égard de chaque période de paiement correspond à la même fraction par rapport au taux annuel que la période de paiement représente par rapport à l'année.

(4) Pour l'application du paragraphe (1), les frais d'emprunt, à condition qu'ils soient appliqués à tous les soldes en souffrance d'une série, peuvent être calculés de sorte que, selon le cas :

- a) ils n'excèdent pas de plus de 10 \$ le montant médian dans une série de soldes en souffrance dont le plus élevé ne dépasse pas 1 000 \$;
- b) ils n'excèdent pas de plus de 20 \$ le montant médian dans une série de soldes en souffrance dont le moins élevé dépasse 1 000 \$. Règl. de l'Ont. 637/93, art. 1, *en partie*.

22 (1) Les définitions qui suivent s'appliquent au présent article.

«dénominateur» Le total des soldes de l'engagement au début du contrat et à la fin de chaque période conformément au calendrier des paiements prévu à l'origine. («denominator»)

«engagement» Le montant total payable au moment de la passation du contrat. («obligation»)

«numérateur» Le total des soldes au début du contrat et des soldes impayés à la fin de chaque période jusqu'à la date où l'engagement total est payé intégralement. («numerator»)

«période» Intervalle d'au plus trente et un jours. («period»)

«prêteur» S'entend en outre de tout cessionnaire du prêteur. («lender»)

«unité» Montant obtenu en divisant le montant de l'engagement par le nombre de mois sur lesquels s'échelonne le contrat. («unit»)

(2) Sous réserve des paragraphes (4), (5), (6), (7), (8), (9) et (10), si un montant exigible à l'égard d'un crédit dont les frais d'emprunt sont calculés d'avance est payé avant la date d'exigibilité, le prêteur peut retenir une partie des frais d'emprunt, qui est calculée, une fois le montant de l'engagement payé intégralement, en divisant le numérateur par le dénominateur, à condition que la période à laquelle s'applique le dénominateur soit égale à celle à laquelle s'applique le numérateur, pour obtenir une fraction, celle-ci étant ensuite multipliée par les frais d'emprunt pour obtenir le montant que le prêteur doit retenir.

(3) Si l'échéance originale de la transaction est modifiée par une ou plusieurs prorogations des paiements, le ou les paiements prorogés sont réputés avoir été faits comme prévu à l'origine.

(4) Sous réserve des paragraphes (5) et (6), le prêteur accorde à l'emprunteur une réduction des frais d'emprunt moins la somme qu'il est permis au prêteur de retenir aux termes du paragraphe (2).

(5) Sauf lorsque le paiement est effectué à l'avance en vertu d'un accord de refinancement ou pour obtenir un crédit additionnel, le prêteur a le droit de retenir, outre le montant permis aux termes du paragraphe (2), un montant égal à 20 \$ au plus ou à la moitié de la réduction calculée aux termes du paragraphe (4), si ce dernier montant est inférieur, et l'emprunteur a le droit à une réduction correspondant aux frais d'emprunt qui restent.

(6) Si la réduction qui doit être accordée aux termes du paragraphe (4) s'élève à moins de 2 \$, l'emprunteur n'y a pas droit.

(7) Si un paiement est reçu après la date d'exigibilité, le prêteur peut estimer qu'il a été reçu à la date d'exigibilité du versement.

(8) Si un paiement est reçu avant la date d'exigibilité, le prêteur peut estimer qu'il a été reçu au plus tard à la fin de la période au cours de laquelle le paiement a été reçu.

(9) Lorsqu'un contrat à paiements réguliers exige que des paiements soient effectués mensuellement, plus fréquemment ou moins fréquemment, et que l'engagement est payé intégralement avant l'échéance du contrat, le prêteur estime que l'engagement a été payé en grande partie à l'avance si le solde réel exigible, à l'exclusion des frais reliés au défaut de paiement, à la fin de la période précédant immédiatement la date du paiement intégral plus le montant d'une unité ou 15 pour cent du montant de l'engagement, si ce dernier montant est supérieur à l'autre, est inférieur au solde à la fin de la période précédente, tel que celui-ci a été prévu à l'origine.

(10) Malgré le paragraphe (8), si l'engagement n'a pas été payé en grande partie à l'avance comme le décrit le paragraphe (9), le prêteur peut estimer que les soldes du numérateur sont identiques à ceux du dénominateur jusqu'à la fin de la période précédant le paiement intégral ou jusqu'à la fin de la période au cours de laquelle le paiement intégral est effectué, si cette dernière est plus proche de la date réelle du paiement intégral. Règl. de l'Ont. 637/93, art. 1, *en partie*.

23 (1) Pour l'application de l'article 28 de la Loi, «payé intégralement» s'entend en outre de la consolidation, aux termes d'un contrat de crédit, d'une somme exigible aux termes d'un contrat de crédit précédent.

(2) Si l'emprunteur ou le prêteur, selon le cas, paie intégralement dans les circonstances visées au paragraphe (1), le montant qu'il leur est permis de retenir est fixé en vertu de l'article 22 et comprend la partie non gagnée de toute prime d'assurance que l'emprunteur ou le prêteur est tenu de payer aux termes du contrat original. Règl. de l'Ont. 637/93, art. 1, *en partie*.

24 (1) Si le prêteur annonce ou fait annoncer par écrit les frais d'emprunt qu'il exige, il fournit un exemple du calcul des frais et le taux que cela représente.

(2) Les annonces que le prêteur est tenu de faire aux termes de l'article 29 de la Loi :

- a) sont, dans le cas d'un prêteur qui fait de la publicité ailleurs qu'à ses locaux commerciaux, imprimées sur l'annonce publicitaire;
- b) peuvent, dans le cas d'un prêteur qui fait de la publicité à ses locaux commerciaux, être omises de l'annonce publicitaire, à condition qu'une déclaration soit imprimée sur celle-ci précisant que les frais d'emprunt et le calcul de ceux-ci ainsi que les autres conditions de la transaction de crédit peuvent être obtenus aux locaux commerciaux du prêteur;
- c) renvoient, lorsque l'annonce publicitaire est imprimée sur une page de catalogue, à la ou aux pages du catalogue où les frais d'emprunt et le calcul de ceux-ci ainsi que les autres conditions de la transaction de crédit peuvent être obtenus.

(3) Si le prêteur annonce ou fait annoncer oralement, notamment à la radio ou à la télévision, les frais d'emprunt qu'il exige, il fournit un exemple du calcul des frais et le taux que cela représente. Règl. de l'Ont. 637/93, art. 1, *en partie*.

25 La demande de révocation intentionnelle visée au paragraphe 7 (7) de la Loi est présentée selon une formule fournie par le ministre. Règl. de l'Ont. 637/93, art. 1, *en partie*.

7. Form 40 of the Regulation is revoked and the following substituted:

Form 40

Securities Act

STATEMENT OF EXECUTIVE COMPENSATION

ITEM I—Interpretation:

I.1 Definitions. For purposes of this Form,

"CEO" of an issuer means an individual who served as chief executive officer of the issuer or acted in a similar capacity during the most recently completed financial year;

"equity security" means securities of an issuer that carry a residual right to participate in earnings of the issuer and, upon liquidation or winding up of the issuer, its assets;

"executive officer" of an issuer for a financial year, means an individual who at any time during the year was,

- (a) the chair of the issuer, if that individual performed the functions of the office on a full-time basis,
- (b) a vice-chair of the issuer, if that individual performed the functions of the office on a full-time basis,

- (c) the president of the issuer,
- (d) a vice-president of the issuer in charge of a principal business unit, division or function such as sales, finance or production, or
- (e) an officer of the issuer or any of its subsidiaries or any other person who performed a policy-making function in respect of the issuer,

whether or not the individual was also a director of the issuer or any of its subsidiaries;

“long-term incentive plan” or “LTIP” means any plan providing compensation intended to serve as incentive for performance to occur over a period longer than one financial year, whether the performance is measured by reference to financial performance of the issuer or an affiliate of the issuer, the price for the issuer’s securities, or any other measure, but does not include option or SAR plans or plans for compensation through restricted shares or restricted share units;

“Named Executive Officers” means the individuals referred to in Subitem I.3;

“normal retirement age”, with respect to a pension or similar plan, means normal retirement age as defined in the plan or, if not defined in the plan, the earliest time at which a participant in the plan may retire without any benefit reduction due to age;

“options” includes all options, share purchase warrants and rights granted by the issuer or any of its subsidiaries as compensation for services rendered or otherwise in connection with office or employment (an extension of an option or replacement grant is a grant of a new option) and includes other securities if,

- (a) the class or series of the securities has been created to be issued, or securities of the class or series have been or will be issued, primarily for compensation for services rendered or otherwise in connection with office or employment,
- (b) the securities carry the right to purchase or otherwise acquire (e.g., through an exchange or conversion) securities of the issuer or of any of its subsidiaries, and
- (c) the securities and the terms of the purchase or acquisition of the securities in effect are similar to options;

“plan” includes, but is not limited to, any plan, contract, authorization or arrangement, whether or not set forth in any formal document and whether or not applicable to only one individual, under which cash, securities, options, SARs, phantom stock, warrants, convertible securities, restricted shares or restricted share units, performance units and performance shares, or similar instruments may be received or purchased, but does not include the Canada Pension Plan or similar government plans or any group life, health, hospitalization, medical reimbursement or relocation plan that does not discriminate in scope, terms or operation in favour of executive officers or directors of the issuer and is available generally to all salaried employees;

“public float” means the aggregate of the market value of each class of equity securities of the issuer, excluding securities that are beneficially owned, directly or indirectly, or over which control or direction is exercised by persons or companies that alone, or together with their respective associates and affiliates, beneficially own or exercise control or direction over more than 10 per cent of the issued and outstanding equity securities of the issuer, but securities that would be excluded because a portfolio manager of a pension fund, mutual fund or non-redeemable investment fund exercises control or direction over them need only be excluded if the portfolio manager is an affiliate of the issuer;

“replacement grant” of an option or SAR means the grant of an option or SAR reasonably related to any prior or potential cancellation of an option or SAR, whether by,

- (a) an exchange of existing options or SARs for options or SARs with new terms,
- (b) the grant of new options or SARs designed to operate in tandem with previously granted options or SARs that upon exercise will operate to cancel the previously granted options or SARs,
- (c) downward repricing of previously granted options or SARs, or
- (d) any other means;

“repricing” of an option or SAR means the adjustment or amendment of the exercise or base price of an option or SAR previously awarded, whether through amendment, cancellation or replacement grants, or any other means, but does not include any repricing occurring through the operation of a formula or mechanism in, or applicable to, the previously awarded option or SAR that results in the periodic adjustment of the effective exercise, purchase or base price, a plan anti-dilution provision, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the option or SAR and “repriced” has a corresponding meaning;

“small business issuer” means an issuer that:

- (a) has revenues of less than \$25,000,000 in the most recently completed financial year,
- (b) is not a non-redeemable investment fund or mutual fund,
- (c) has a public float of less than \$25,000,000, and
- (d) if it is a subsidiary of another issuer, that other issuer is also a small business issuer;

“stock appreciation right” (“SAR”) means a right, granted by an issuer or any of its subsidiaries as compensation for services rendered or otherwise in connection with office or employment, to receive a payment of cash or an issue or transfer of securities based wholly or in part on changes in the trading price of publicly traded securities.

I.2 Plain, Concise and Understandable Disclosure. Information required by this Form should be provided in a plain, concise and understandable manner under the appropriate Item in the “Executive Compensation” section of the disclosure document. If any Item of this Form requires disclosure of information in tabular form, the information must be presented in the specific format set out. Any table or column of a table may be omitted if there has been no compensation that otherwise would be required to be disclosed in that table or column in any financial year covered by the table.

I.3 Individuals Covered. Disclosure must be provided under this Form for,

- (a) each CEO, despite the amount of compensation of that individual;
- (b) each of the issuer’s four most highly compensated executive officers, other than the CEO, who were serving as executive officers at the end of the most recently completed financial year, provided that disclosure is not required under this Form for an executive officer whose total salary and bonus, as determined in accordance with Item II, does not exceed \$100,000; and
- (c) any additional individuals for whom disclosure would have been provided under paragraph (b) but for the fact

that the individual was not serving as an officer of the issuer at the end of the most recently completed financial year end.

I.4 Determination of Most Highly Compensated Executive Officers. The determination of which executive officers are the issuer's most highly compensated executive officers must be made on the basis of the total annual salary and bonus of each executive officer of the issuer during the most recently completed financial year calculated in accordance with Item II.

I.5 Change in Status of a Named Executive Officer During the Financial Year. If the CEO served in that capacity during any part of a financial year for which disclosure is required under this Form, information must be provided as to all of his or her compensation for the full financial year. If a Named Executive Officer, other than the CEO, served as an executive officer of the issuer (whether or not in the same position) during any part of a financial year for which disclosure is required under this Form, information must be provided as to all of his or her compensation for the full financial year.

I.6 Exclusion of Executive Officer Due to Unusual Compensation or Compensation for Foreign Assignment. It may be appropriate, in limited circumstances, for the issuer to exclude from the disclosure required by this Form an individual, other than a CEO, who is one of the issuer's most highly compensated executive officers. Among the factors that should be considered in determining to exclude an individual are,

- (a) the payment or accrual of an unusually large amount of cash compensation (such as bonus or commission) that is not part of a recurring arrangement and is unlikely to continue; and
- (b) whether the individual is one of the four most highly compensated executive officers only because of the payment of additional amounts of cash compensation intended to compensate him or her for increased living expenses that may be attributed predominately to an assignment outside of Canada.

I.7 All Compensation Covered. Unless otherwise specified, this Form requires disclosure of all plan and non-plan compensation awarded to, earned by, or paid to, each Named Executive Officer and each director covered by Item XI for services rendered by that individual in all capacities to the issuer or a subsidiary of the issuer or otherwise in connection with office or employment of that individual with the issuer or a subsidiary of the issuer. Except as expressly provided, no amount, benefit or right reported as compensation for a financial year need be reported as compensation for any subsequent financial year.

I.8 Sources of Compensation. Compensation to officers and directors from the issuer must include compensation from the issuer and its subsidiaries. In addition, if any understanding or agreement exists among any of the issuer, its subsidiaries or an officer or director of the issuer or its subsidiary and another entity, for the primary purpose of the other entity furnishing compensation to the officer or director for services rendered to, or otherwise in connection with office or employment with, the issuer or any of its subsidiaries, any compensation furnished under that understanding or agreement must be included in the appropriate category of compensation of the officer or director.

I.9 Compensation Furnished to Associates. If any understanding or agreement exists among any of the issuer, its subsidiaries or another entity and an officer or director of the issuer or its subsidiary for the primary purpose of the issuer, its subsidiary or the other entity furnishing compensation to the officer or director for services rendered to, or otherwise in connection with office or employment with, the issuer or any of its subsidiaries through compensation to an associate of the director or officer, any compensation to such associate under that understanding or agreement must be included in the appropriate category of compensation of the officer or director.

II.2 The table required by Subitem II.1 must include:

- (a) The name and principal position of the Named Executive Officer (column (a)).
- (b) The financial year covered (column (b)).
- (c) Annual compensation (columns (c), (d), and (e)), including,
 - (i) the dollar value of any cash or non-cash base salary earned by the Named Executive Officer during the financial year covered (column (c)),
 - (ii) the dollar value of any cash or non-cash bonus earned by the Named Executive Officer during the financial year covered (column (d)), and
 - (iii) the dollar value of all other annual compensation of the Named Executive Officer during the financial year covered that is not properly categorized as salary or bonus (column (e)).
- (d) Long-term compensation (columns (f), (g) and (h)), including,
 - (i) the sum of the number of securities under option (with or without tandem SARs) and, separately, the sum of the number of securities subject to freestanding SARs (column (f)),
 - (ii) the dollar value (net of consideration paid by the Named Executive Officer) of any restricted shares or restricted share units (calculated by multiplying the closing market price of the issuer's unrestricted shares on the date of grant by the number of shares or share units awarded (column (g)), and
 - (iii) the dollar value of all payouts under LTIPs (column (h)).
- (e) All other compensation for the covered financial year that is not properly reported in any other column of the table required by this Item (column (i)).

II.3 For purposes of subparagraphs (c)(i) and (ii) of Subitem II.2 regarding salary and bonus:

- (a) Amounts deferred at the election of a Named Executive Officer must be included in the salary column (column (c)) or bonus column (column (d)), as appropriate, for the financial year in which earned. If the amount of salary or bonus earned in a given financial year is not calculable, that fact must be disclosed in a footnote and

that amount must be disclosed in the subsequent financial year in the appropriate column for the financial year in which earned.

- (b) For securities or any other form of non-cash compensation, disclose the fair market value of the compensation at the time the compensation is awarded, earned or paid.
- (c) Any amount of salary or bonus earned in a covered year that was foregone, at the election of a Named Executive Officer, under a program of the issuer under which stock, stock-based or other forms of non-cash compensation may be received in lieu of a portion of annual compensation, need not be included in the salary or bonus columns. Instead, the issuer may disclose the receipt by the Named Executive Officer during that financial year of the non-cash compensation in lieu of salary or bonus in the appropriate column of the table corresponding to that year (i.e., options or SARs (column (f)), restricted shares or restricted share units (column (g)), and all other compensation (column (i))). If the election was made under a long-term incentive plan and therefore is not reportable at the time of grant in the table required by this Item, a footnote must be added to the salary or bonus column disclosing this fact and referring to the table required by Item III for disclosure of the reward.

II.4 For purposes of subparagraph (c)(iii) of Item II.2 regarding all other annual compensation:

- (a) Perquisites and other personal benefits, securities or property are to be disclosed in column (e), unless the aggregate amount of such compensation is no greater than the lesser of \$50,000 and 10 per cent of the total of the annual salary and bonus of the Named Executive Officer for the financial year. Each perquisite or other personal benefit exceeding 25 per cent of the total perquisites and other personal benefits reported for a Named Executive Officer must be identified by type and amount in a footnote to the other annual compensation column (column (e)). Perquisites and other personal benefits must be valued on the basis of the aggregate incremental cost to the issuer and its subsidiaries.
- (b) If securities, options, SARs, loans, deferred compensation or other obligations issued to a Named Executive Officer carry a right to receive interest, dividends or other amounts that at the time of issue or reset is above-market or preferential (i.e., at a rate greater than the rate ordinarily paid by the issuer or its subsidiary on securities or other obligations having the same or similar features issued to third parties), the above-market portion of all such interest, dividends or other amounts paid

during the financial year or payable during that period but deferred at the election of the Named Executive Officer must be disclosed in column (e).

- (c) Earnings on long-term incentive plan compensation or dividend equivalents paid during the financial year or payable during that period but deferred at the election of the Named Executive Officer must be disclosed in column (e).
- (d) Amounts reimbursed during the financial year for the payment of taxes must be disclosed in column (e).
- (e) The dollar value of the difference between the price paid by a Named Executive Officer for a security of the issuer or its subsidiaries that was purchased from the issuer or its subsidiaries (through deferral of salary or bonus or otherwise) and the fair market value of the security at the date of purchase must be disclosed in column (e), unless the discount was available generally, either to all security holders or to all salaried employees of the issuer.
- (f) The dollar value of imputed interest benefits from loans provided to, or debts incurred on behalf of, the Named Executive Officer by the issuer and its subsidiaries as computed in accordance with the *Income Tax Act* (Canada) must be disclosed in column (e).
- (g) The dollar value of amounts of loan or interest obligations of the Named Executive Officer to the issuer, its subsidiary or third parties that were serviced, settled or extinguished by the issuer or its subsidiaries without the substitution of an obligation to repay the amount to the issuer or subsidiary in its place must be disclosed in column (e).

II.5 For purposes of paragraph (d) of Subitem II.2 regarding long-term compensation:

- (a) If at any time during the most recently completed financial year the issuer has repriced downward options or freestanding SARs previously awarded to a Named Executive Officer, disclose the options or SARs so repriced as new options or SARs grants in column (f).
- (b) Awards of restricted shares or restricted share units that are subject to performance-based conditions to vesting, in addition to lapse of time or continued service with the issuer or a subsidiary, may be disclosed as LTIP awards under column (i) instead of under column (g). If this approach is selected, once the restricted share or restricted share unit vests, it must be reported as an LTIP payout in column (h).
- (c) In a footnote to the restricted shares and restricted share units column (column (g)) disclose,
 - (i) the number and value of the aggregate holdings of restricted shares and restricted share units at the end of the most recently completed financial year with the value being calculated in accordance with subparagraph (d)(ii) of Subitem II.2,
 - (ii) for any restricted share or restricted share unit that will vest, in whole or in part, in less than three years from the date of grant, the total number of securities awarded and the vesting schedule, and
 - (iii) whether dividends or dividend equivalents will be paid on the restricted shares and restricted share units disclosed in the column.
- (d) If any specified performance target, goal or condition to payout was waived with respect to any amount included

in LTIP payouts, disclose this fact in a footnote to the LTIP payout column (column (h)).

II.6 For purposes of paragraph (e) of Subitem II.2, all other compensation for the covered financial year that is not properly reported in any other column of the table required by this Item includes, but is not limited to:

- (a) The amount paid, payable or accrued to a Named Executive Officer under a plan or arrangement for compensation for:
 - (i) the resignation, retirement or other termination of the officer's employment with the registrant or a subsidiary of the issuer, or
 - (ii) a change in control of the issuer or a subsidiary of the issuer or a change in the officer's responsibilities following such a change in control.
- (b) If securities, options, SARs, loans, deferred compensation or other obligations issued to a Named Executive Officer carry a right to receive interest, dividends or other amounts that at the time of issue or reset is above-market or preferential (i.e., at a rate greater than the rate ordinarily paid by the issuer or its subsidiary on securities or obligations having the same or similar features issued to third parties), the dollar value of the above-market portion of all such interest, dividends or other amounts earned during the financial year, or calculated with respect to that period, except that amounts that are paid during that period, or payable during that period at the election of the Named Executive Officer must be reported as other annual compensation in column (e).
- (c) The dollar value of amounts earned on long-term incentive plan compensation during the financial year, or calculated with respect to that period, and dividend equivalents earned during that period except that amounts that are paid during that period, or payable during that period at the election of the Named Executive Officer must be reported as other annual compensation in column (e).
- (d) Annual contributions or other allocations by the issuer or its subsidiary to vested and unvested defined contribution plans.
- (e) The dollar value of any insurance premium paid by, or on behalf of, the issuer or its subsidiary during the financial year with respect to term life insurance for the benefit of a Named Executive Officer, and, if there is an arrangement or understanding, whether formal or informal, that the officer has or will receive or be allocated an interest in any cash surrender value under the insurance policy, either:
 - (i) the full dollar value of the remainder of the premiums paid by, or on behalf of, the issuer or its subsidiary, or
 - (ii) if the premiums will be refunded to the issuer or its subsidiary on termination of the policy, the dollar value of the benefit to the officer of the remainder of the premium paid by, or on behalf of, the issuer or its subsidiary during the financial year. This benefit must be determined for the period, projected on an actuarial basis, between payment of premium and the refund.

The same method of reporting under this paragraph must be used for each of the Named Executive Officers. If the issuer changes methods of reporting from one year to the next, that fact and the reason for the change must

be disclosed in a footnote to the all other compensation column (column (i)).

II.7 For purposes of paragraph (e) of Subitem II.2 regarding all other compensation not otherwise properly reported in any other column:

- (a) LTIP awards and amounts received on exercise of options and SARs need not be reported as all other compensation in column (i).
- (b) Information on defined benefit and actuarial plans need not be reported in column (i).

II.8 If during any of the financial years covered by the table required by this Item, a Named Executive Officer was not employed by the issuer or its subsidiary for the entire financial year, disclose this fact and the number of months the officer was so employed during the year in a footnote to the table.

II.9 If during any of the financial years covered by the table required by this Item, a Named Executive Officer was compensated by a non-subsidiary affiliate of the issuer, disclose in a note to the table,

(a) the amount and nature of such compensation; and

(b) whether the compensation is included in the compensation reported in the table.

II.10 Information with respect to a financial year-end prior to the most recently completed financial year-end need not be provided if the issuer was not a reporting issuer at any time during such prior financial year.

II.11 In order to facilitate transition, the amounts reported under columns (e) and (i) of the table required by this Item need not include information for financial years ended before October 31, 1993. For small business issuers, the table required by this Item need not include amounts for financial years ended before December 31, 1993.

III.3 Describe in a footnote to, or a narrative that accompanies, the table required by this Item the material terms of any award, including a general description of the formula or criteria to be applied in determining the amounts payable. Issuers are not, however, required to disclose any factor, criterion or perfor-

mance-related or other condition to payout or maturation of a particular award that involves confidential or business information, disclosure of which would adversely affect the issuer's competitive position.

III.4 Separate disclosure must be provided in the table required by this Item and under Subitem III.3 for each award made to a Named Executive Officer, if awards were made under more than one plan or awards under the same plan have different material terms. Identify the particular plan under which each award was made.

III.5 For purposes of this Item:

(a) "threshold" means the minimum amount payable for a certain level of performance under the plan,

"Target" means the amount payable if the specified performance target(s) are reached, and

"Maximum" means the maximum payout possible under the plan.

- (b) A tandem grant of two instruments, only one of which is pursuant to an LTIP, need be reported only in the table applicable to the other instrument.

- (d) Each material term of the grant, including but not limited to the date of exercisability, the number of SARs, dividend equivalents, performance units or other instruments granted in tandem with options, a performance-based condition to exercisability, a re-load feature or a tax-reimbursement feature must be disclosed in a footnote to the table.
- (e) Options or freestanding SARs granted in an option repricing transaction must be disclosed.

- (b) The dollar values in columns (c) and (e) are calculated by determining the difference between the market value of the securities underlying the options or SARs at exercise or financial year end, respectively, and the exercise or base price of the options or SARs .
- (c) In calculating the dollar value realized on exercise (column (c)), the value of any related payment or other consideration provided (or to be provided) by the issuer or its subsidiary to, or on behalf of, a Named Executive Officer, whether in payment of the exercise or base price or related taxes, must not be included. Instead, these payments are to be disclosed in accordance with Subitem II.4.

IX.2 In the report required by this Item, include a discussion of:

- (a) The relative emphasis of the issuer on cash compensation, options, SARs, securities purchase programs,

restricted shares, restricted share units and other incentive plans, annual versus long-term compensation, and whether the amount and terms of outstanding options, SARs, restricted shares and restricted share units were taken into account when determining whether and how many new option grants would be made.

- (b) The specific relationship of corporate performance to executive compensation, and, in particular, if an award was made to a Named Executive Officer under a performance-based plan despite failure to meet the relevant performance criteria, disclose the waiver or adjustment of the relevant performance criteria and the bases for the decision.

IX.5 For purposes of this Item:

- (a) Disclosure of target levels with respect to specific quantitative or qualitative performance-related factors considered by the committee (or board), or any factors or criteria involving confidential commercial or business information, the disclosure of which could have an adverse effect on the issuer, is not required.
- (b) If compensation of executive officers is determined by different board committees, a joint report may be presented indicating the separate committee's responsibilities and members of each committee or alternatively separate reports may be prepared for each committee.
- (c) In the event of a dissenting committee member, a report need not be made over the name of the dissenting member; however, the report must identify the dissenting director and the reasons provided to the committee for the dissent.

IX.6 Discussion of compensation decisions made before January 1, 1994 need not be included under this Item.

IX.7 Boiler plate language should be avoided in describing factors

and criteria underlying awards or payments of executive compensation.

ITEM X—Performance Graph:

X.1 If any compensation is reported in response to Item II, III, IV, V or VI for the most recently completed financial year, immediately after the information required by Item IX provide a line graph comparing,

- (a) the yearly percentage change in the issuer's cumulative total shareholder return on each class or series of equity securities that are publicly traded, as measured in accordance with Subitem X.2, with
- (b) the cumulative total return of a broad equity market index assuming reinvestment of dividends, that includes issuers whose securities are traded on the same exchange or are of comparable market capitalization; provided, however, that if the issuer is within the TSE 300 Stock Index, the issuer must use that index.

X.2 The yearly percentage change in an issuer's cumulative total shareholder return on a class or series of securities must be measured by dividing,

- (a) the sum of,
 - (i) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and
 - (ii) the difference between the price for the securities of the class or series at the end and the beginning of the measurement period, by
- (b) the price for the securities of the class or series at the beginning of the measurement period.

X.3 The issuer also may elect to include in the graph required by this Item a line charting the cumulative total return, assuming reinvestment of dividends, of,

- (a) a published industry or line-of-business index,
- (b) peer issuer(s) selected in good faith. (If the issuer does not select its peer issuer(s) on an industry or line-of-business basis, the issuer must disclose the basis for its selection.) or
- (c) issuer(s) with similar market capitalization(s), but only if the issuer does not use a published industry or line-of-business index and does not believe it can reasonably identify a peer group. (If the issuer uses this alternative, the graph must be accompanied by a statement of the reasons for this selection.)

X.4 For purposes of this Item:

- (a) "measurement period" means the period beginning at the "measurement point" established by the market close on the last trading day before the beginning of the issuer's fifth preceding financial year, through and including the end of the issuer's most recently completed financial year. If the class or series of securities has been publicly traded for a shorter period of time, the period covered by the comparison may correspond to that time period,
- (b) "published industry or line-of-business index" means any index that is prepared by a party other than the issuer or its affiliate and is accessible to the issuer's security-holders; provided, however, that an issuer may use an index prepared by it or its affiliate if such index is widely recognized and used.

X.5 Any election by an issuer to use an additional index under Subitem X.3 is considered to apply in respect of all subsequent financial years unless abandoned by the issuer in accordance with this Subitem. In order to abandon the index the issuer must have, in the information circular or annual filing for the financial year immediately preceding the most recently completed financial year,

- (a) stated its intention to abandon the index,
- (b) explained the reason(s) for this change, and
- (c) compared the issuer's total return with that of the elected additional index.

X.6 In preparing the required graphic comparisons:

- (a) Use, to the extent feasible, comparable methods of presentation and assumptions for the total return calculations required by Subitem X.2; provided, however, that if the issuer constructs its own peer group index under paragraph (b) of Subitem X.3, the same methodology must be used in calculating both the issuer's total return and that of the peer group index.
- (b) Assume the reinvestment of dividends into additional securities of the same class or series at the frequency with which dividends are paid on the securities during the applicable financial year.

X.7 In constructing the graph:

- (a) The closing price at the measurement point must be converted into a fixed investment, stated in dollars (e.g. \$100), in the issuer's securities (or in the securities represented by a given index), with cumulative returns for each subsequent financial year measured as a change from that investment.
- (b) Each financial year should be plotted with points showing the cumulative total return as of that point. The value of the investment as of each point plotted on a given return line is the number of securities held at that point multiplied by the then-prevailing security price.

X.8 The issuer must present information for the issuer's last five financial years, and may choose to graph a longer period but the measurement point must remain the same. A period shorter than five years may be used if the class or series of securities forming the basis for the comparison has been publicly traded for a shorter time period.

X.9 Issuers may include comparisons using performance measures in addition to total return, such as return on average common shareholders' equity, so long as the issuer's compensation committee (or other board committee performing equivalent functions or in the absence of any such committee the entire board of directors) describes the link between that measure and the level of executive compensation in the report required by Item IX of this Form.

X.10 If the issuer uses peer issuer comparisons or comparisons with issuers with similar market capitalizations, the identity of those issuers must be disclosed and the returns of each component issuer of the group must be weighted according to the respective issuer's market capitalization at the beginning of each period for which a return is indicated.

ITEM XI—Compensation of Directors:

XI.1 Under a separate subheading describe,

- (a) any standard arrangements, stating amounts, under which directors of the issuer were compensated by the issuer and its subsidiaries during the most recently com-

pleted financial year for their services in their capacity as directors, including any additional amounts payable for committee participation or special assignments;

- (b) any other arrangements, stating the amounts paid and the name of the director, in addition to, or in lieu of, any standard arrangement, under which directors were compensated in their capacity as directors by the issuer and its subsidiaries during the most recently completed financial year;
- (c) any arrangement, stating the amounts paid and the name of the director, under which directors of the issuer were compensated by the issuer and its subsidiaries during the most recently completed financial year for services as consultants or experts.

XI.2 If information required by Subitem XI.1 is provided in response to another item of this Form, a cross-reference to where the information is provided satisfies Subitem XI.1.

ITEM XII—Unincorporated Issuers:

XII.1 Unincorporated issuers must report,

- (a) the identity of and amount of fees or other compensation paid by the issuer to individuals acting as directors or trustees of the issuer for the most recently completed financial year; and
- (b) the identity of and amount of expenses reimbursed by the issuer to such individuals in respect of the fulfilment of their duties as directors or trustees during the most recently completed financial year.

XII.2 The information required by this Item may be disclosed in the issuer's annual financial statements in lieu of textual disclosure in an information circular or prospectus.

ITEM XIII—Small Business Issuers:

XIII.1 Small business issuers may omit the disclosure required by Items V, VI, VIII, IX and X. Small business issuers must, in a narrative that accompanies the table required by Subitem IV.1, disclose which grants of options or SARs result from repricing and explain in reasonable detail the basis for the repricing.

XIII.2 For purpose of determining whether an issuer is a small business issuer, the market value of each class of the issuer's equity securities must be calculated by multiplying,

- (a) the total number of equity securities of that class outstanding as at the end of the issuer's most recently completed financial year, other than the securities required to be excluded in accordance with the definition of "public float", by
- (b) the arithmetic average of the closing prices of the equity securities of that class on the stock exchange in Canada on which the securities principally trade for each of the trading days in the last calendar month of the most recently completed financial year.

ITEM XIV—Issuers Reporting in the United States:

XIV.1 Except as provided in Subitem XIV.2, issuers registered with the Securities Exchange Commission of the United States under the *Securities Exchange Act of 1934* (United States) may satisfy the requirements of this Form by providing the information required by Item 402 of Regulation S-K under that Act instead of the information required by this Form.

XIV.2 Subitem XIV.1 is not available to an issuer that, as a foreign private issuer, satisfies Item 402 of Regulation S-K by providing the information required by Items 11 and 12 of Form 20-F under that Act. O. Reg. 638/93, s. 7.

8. Item 17 of Form 45 of the Regulation is revoked and the following substituted:

(5) Despite subsection (4), “A” shall not be more than 0.10 or less than minus 0.20.

(6) The Commission shall determine the insured person’s loss to coverage ratio by dividing the total dollar value of the payments made by the Commission to the insured person for the number of years the insured person has been enrolled in the plan, by the total dollar value of the insured person’s coverage for the number of years the insured person has been enrolled in the plan.

(7) The Commission shall determine the plan’s loss to coverage ratio by dividing the total dollar value of the payments made by the Commission in respect of all claims made by insured persons under the plan for the number of years the plan has been in effect, by the total dollar value of coverage extended by the plan for the number of years it has been in effect.

(8) The premium determined in accordance with subsections (1) to (7) includes payments in respect of premiums made by the Province of Ontario and the Government of Canada under the *Crop Insurance Act* (Canada).

2. Paragraph 2 of Form 1 of the Regulation is amended by adding the following subparagraph:

(3) L’article 11 de l’annexe du Règlement est abrogé et remplacé par ce qui suit :

11 (1) Les variables suivantes s’appliquent aux formules utilisées dans le présent article.

«B» s’entend du nombre d’années pendant lesquelles l’assuré a participé au régime.

«C» s’entend de la proportion que représente la perte subie par l’assuré par rapport à la garantie, déterminée conformément au paragraphe (6).

«D» s’entend de la proportion que représente la perte subie par le régime par rapport à la garantie, déterminée conformément au paragraphe (7).

(2) La Commission détermine la prime payable au cours de la campagne agricole, en multipliant le nombre total d’acres où est planté du fourrage par le taux de la prime déterminé aux termes du paragraphe (3).

(3) La Commission détermine le taux de la prime de la façon suivante :

1. En multipliant $(1 + A)$ par 5 \$ l’acre, si la garantie maximale correspond à 20 \$ l’acre.
2. En multipliant $(1 + A)$ par 6,60 \$ l’acre, si la garantie maximale correspond à 55 \$ l’acre.

(4) La Commission détermine la valeur de la variable «A» au moyen de la formule suivante :

$$A = B \left(\frac{C}{D} - 1 \right) \div 20$$

(5) Malgré le paragraphe (4), la variable «A» ne doit pas recevoir une valeur supérieure à 0,10 ni inférieure à moins 0,20.

(6) La Commission détermine la proportion que représente la perte subie par l’assuré par rapport à la garantie en divisant la valeur totale en dollars des versements qu’elle a effectués à l’assuré au cours des années pendant lesquelles celui-ci a participé au régime, par la valeur totale en dollars de la garantie de l’assuré au cours de ces années.

(7) La Commission détermine la proportion que représente la perte subie par le régime par rapport à la garantie en divisant la valeur totale en dollars des versements qu’elle a effectués à l’égard de toutes les demandes d’indemnité présentées par les assurés dans le cadre du régime au cours des années où le régime était en vigueur, par la valeur totale en dollars de la garantie supplémentaire prévue par le régime au cours de ces années.

(8) La prime déterminée conformément aux paragraphes (1) à (7) comprend les versements relatifs aux primes qu’effectuent la province de l’Ontario et le gouvernement du Canada en vertu de la *Loi sur l’assurance-récolte* (Canada).

(9) Malgré le paragraphe (2), la prime minimale payable par l’assuré est de 25 \$.

2 La disposition 2 de la formule 1 du Règlement est modifiée par adjonction de la sous-disposition suivante :

**SALES OF UNMARKED CIGARETTES
ON INDIAN RESERVES**

1. In this Regulation,

“council of the band” has the meaning specified in subsection 2 (1) of the *Indian Act* (Canada);

“Indian” has the meaning specified in subsection 2 (1) of the *Indian Act* (Canada);

“off-reserve community” means all adult members of the band who are recorded as band members in the most current issue of the Indian Register, Population by Sex and Residence, issued by the Department of Indian Affairs and Northern Development, and who do not reside on the reserve;

“reserve” means a reserve as defined in the *Indian Act* (Canada) or an Indian settlement located on Crown land, the Indian inhabitants of which are treated by the Department of Indian Affairs and Northern Development in the same manner as Indians residing on a reserve;

“reserve community” means all adult members of the band who are recorded as band members in the most current issue of the Indian Register, Population by Sex and Residence, issued by the Department of Indian Affairs and Northern Development, and who reside on a reserve;

“reserve retailer” means a retail dealer located on a reserve and who, in the ordinary course of his or her business, sells cigarettes to Indian consumers;

“retail agreement” means an agreement entered into between the Minister and a council of the band by which the council of the band agrees to allocate unmarked cigarettes to reserve retailers and to monitor the sales of those cigarettes to ensure that sales are not made to non-Indians;

“supplier” means a wholesaler who holds a permit to purchase and sell unmarked cigarettes under section 9 of the Act. O. Reg. 649/93, s. 1.

2.—(1) The purpose of this Regulation is,

(a) to ensure that there is a sufficient quantity of unmarked cigarettes available for purchase on a reserve by adult members of a band for their own consumption; and

(b) to prevent the purchase of excess quantities of unmarked cigarettes that could be resold to non-Indians.

(2) This Regulation applies to all reserves unless a specific regulation is passed that exempts a reserve from this Regulation and sets out an alternative method for the distribution of unmarked cigarettes to reserve retailers by incorporating the terms of an agreement that may be entered into between the Minister and a council of the band. O. Reg. 649/93, s. 2.

3.—(1) Subject to subsection (2), beginning on April 1 of a year, the annual quantity of cartons of unmarked cigarettes allocated to a reserve shall be calculated using the following formula:

$$A = [(R \times 2.5 \times 0.423) + (OR \times 2.7 \times 0.423)] \times 12$$

where,

A is the annual quantity;

R is the number of individuals in the reserve community;

OR is the number of individuals in the off-reserve community.

(2) If a reserve is listed in the Schedule, the annual quantity of cartons of unmarked cigarettes allocated to it shall be the greater of,

- (a) the annual allocation indicated for the reserve in the Schedule; and
- (b) the annual allocation determined under subsection (1).

(3) With respect to the period between the date this Regulation comes into force and March 31, 1994, the annual quantity determined under subsection (1) or (2) shall be reduced to the proportion that the number of days in the period is of 365.

(4) The council of the band may increase the annual quantity determined under subsection (1), (2) or (3),

- (a) a maximum of 10 per cent for sale to Indian consumers who are not members of the reserve community or the off-reserve community;
- (b) a maximum of 20 per cent if the council has entered into a retail agreement; or
- (c) a maximum of 30 per cent where clauses (a) and (b) both apply.

(5) The annual aggregate quantity of unmarked cigarettes allocated to all reserve retailers shall not exceed the annual quantity of unmarked cigarettes allocated to the reserve as determined under this section. O. Reg. 649/93, s. 3.

4.—(1) To facilitate the availability of unmarked cigarettes for purchase by Indian consumers, a council of the band may allocate the annual quantity of unmarked cigarettes as determined under section 3 among each reserve retailer based on the volume of the retailer's sales to the reserve community and the off-reserve community for their own consumption.

(2) The council of the band shall advise the Minister of any allocation it makes.

(3) So long as the council of the band complies with this Regulation, the Minister shall provide to each reserve retailer to whom the council of the band has made an allocation an authorization to purchase the allocated amount of unmarked cigarettes from the supplier chosen by the reserve retailer. O. Reg. 649/93, s. 4.

5.—(1) If a council of the band has not made allocations as described in subsection 4 (1), the Minister may do so instead, in accordance with section 3.

(2) If the Minister makes allocations under subsection (1), the Minister shall make such inquiries as the Minister considers appropriate to determine who are reserve retailers and what is the volume of their business, and the Minister shall make the allocations based on that information.

(3) The Minister shall provide to each reserve retailer, as determined under subsection (2), an authorization to purchase an allocated amount of unmarked cigarettes from the supplier chosen by the reserve retailer. O. Reg. 649/93, s. 5.

6.—(1) Any annual allocation made to a reserve retailer by a council of the band applies for subsequent years until altered by the council of the band.

(2) Any change in the allocation that the council makes for a reserve retailer shall be offset by an equivalent change in the allocation to another reserve or retailers.

(3) If the council cancels a reserve retailer's allocation and wishes to transfer it to another reserve retailer, the council may transfer only the unpurchased portion for that year.

(4) If the Minister makes allocations under section 5, the Minister has the same powers as does the council under this section. O. Reg. 649/93, s. 6.

7.—(1) A reserve retailer may change suppliers only at the beginning of a month.

(2) The changing of a supplier does not affect the reserve retailer's annual allocation.

(3) A reserve retailer may choose more than one supplier if,

- (a) the reserve retailer notifies the Minister about the amounts that are to be purchased from each supplier; and
- (b) the total amount purchased from all suppliers does not exceed the reserve retailer's allocation. O. Reg. 649/93, s. 7.

8.—(1) If a council of the band has entered into a retail agreement and the Minister receives complaints that any reserve retailer to whom an allocation has been made has sold unmarked cigarettes to non-Indians, the Minister may investigate such complaints.

(2) If, after an investigation under subsection (1), the Minister determines that a reserve retailer has sold unmarked cigarettes to non-Indians, the Minister may advise the council of the band.

(3) If the Minister advises the council of the band under subsection (2) and if the council does not promptly transfer the unpurchased portion of the allocation to another reserve retailer, the Minister may suspend or cancel the retail agreement.

(4) Before any retail agreement is suspended or cancelled, a representative of the council of the band shall be given an opportunity to explain why the retail agreement should not be suspended or cancelled, as the case may be.

(5) If the Minister decides to suspend or cancel a retail agreement for the year, the Minister shall reduce the unpurchased portion of the annual quantity by the following formula:

$$R = \frac{U}{T} \times 0.2A$$

where,

R is the amount of reduction in the annual quantity;

U is the unpurchased amount of the total quantity remaining on the date of suspension or cancellation;

T is the total annual quantity for the year under section 3;

A is the amount determined under subsection 3 (1), (2) or (3).

(6) If the Minister decides to suspend or cancel a retail agreement for a part or all of the following year or years, the increased quantity under clause 3 (4) (b) or (c) shall be cancelled or proportionately reduced, as the case may be.

(7) If a reduction is made under this section to the annual quantity for a reserve, the Minister shall make the necessary corresponding reductions to the allocations given to reserve retailers. O. Reg. 649/93, s. 8.

9.—(1) If a reserve retailer chooses a supplier, the Minister shall inform the supplier of that choice.

(2) After being informed by the Minister, the supplier may sell to the reserve retailer all or any part of the allocation of unmarked cigarettes without collecting an amount equivalent to the tax imposed by the Act at the time of sale.

(3) The quantity of unmarked cigarettes sold by the supplier shall not exceed the quantity specified in the authority to purchase issued by the Minister.

(4) The reserve retailer shall take delivery of the unmarked cigarettes only on the reserve for which the authority to purchase is issued.

(5) The reserve retailer shall purchase the unmarked cigarettes solely for the retailer's own use or for resale on the reserve to Indian consumers. O. Reg. 649/93, s. 9.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

**EXEMPTION — MINISTRY OF NATURAL
RESOURCES — MNR-60**

Having received a request from the Minister of Natural Resources that an undertaking, namely,

the activity of the control of deer population, including a herd reduction, and the proposal, program and plans in respect of those activities to reduce the deer population in Rondeau Provincial Park,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Minister of Natural Resources that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The unique Carolinian features, including vegetation and consequently also other valued wildlife species that are dependent on this habitat, within and near the Provincial Park would be damaged in the absence of, or delay in, carrying out the control of the deer population.
- B. Owners of properties adjacent to and in the area of the Provincial Park and their properties, including crops and other vegetation, would continue to be damaged by the deer population.
- C. The Ministry of Natural Resources (MNR) will be damaged by the interference with its resource management strategies, techniques and practices to protect the unique Carolinian features of the Park.
- D. The public will be damaged by the loss of anticipated benefits associated with resource protection including recreational, educational, interpretive and research opportunities and associated tourism and economic benefits to local communities.
- E. The Crown and the public will be interfered with and damaged by the delay required to prepare an amendment to the park management plan for the park activities that are intended to protect the threatened and unique Carolinian features of the Park.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking is consistent with the goal for Rondeau Provincial Park to protect and enhance the quality of the park environment, especially its unique Carolinian features, and to provide compatible recreational, educational and conservation activities.
- B. The conditions to which this undertaking is subject will ensure that the Ministry of Environment and Energy (MOEE) and the public are notified of MNR's intention to carry out the herd reduction.
- C. The need and rationale for deer population control, including a

herd reduction, was considered during public consultation on, preparation of, and recognized in, the Rondeau Provincial Park Management Plan.

This exemption is subject to the following terms and conditions:

1. The control of deer population, including the herd reduction, will be carried out by the Ministry of Natural Resources, members of the Caldwell Aboriginal and Allied Nations, or both.
2. MNR will, prior to initiating the herd reduction, provide the Director of the Environmental Assessment Branch of MOEE with a written notice of intention to conduct the herd reduction.
3. MNR will, prior to initiating the herd reduction, notify the public of intention to conduct the herd reduction.
4. MNR will, prior to initiating the herd reduction, make available for inspection at the MNR Chatham Area Office upon request a copy of the Caldwell Aboriginal and Allied Nations Deer Herd Reduction Plan Rondeau Provincial Park and the MNR Deer Herd Reduction Plan Rondeau Provincial Park.
5. MNR will, within thirty days of the date provided for under condition 7, or earlier as MNR may deem appropriate, notify the Director of the Environmental Assessment Branch of MOEE of the completion of the herd reduction, outlining when the herd reduction took place, the means by which it was carried out and its results.
6. The plans and notices referred to in conditions 2, 3 and 4 of this Order are not required to contain details which, in the opinion of MNR, could result in threat of damage or harm to property, animal life, plant life or human health or safety.
7. This exemption order shall not apply to herd reduction after,
 - i. one year from the date of its approval, or
 - ii. such later date as the Minister of Environment and Energy may advise in a letter to the Minister of Natural Resources, and specified by Notice in *The Ontario Gazette*. O. Reg. 685/93.

ONTARIO REGULATION 690/93 made under the ENVIRONMENTAL ASSESSMENT ACT

Approved: October 21, 1993

Filed: November 1, 1993

EXEMPTION — NIAGARA COLLEGE OF APPLIED ARTS AND TECHNOLOGY — CU-AA-05

Having received a request from the Niagara College, a public body reporting to the Minister of Education and Training, that an undertaking, namely,

the proposal to establish and operate a permanent college of applied arts and technology on Part of Lot 2, Concession 10 (formerly in the Township of Grantham) in the Town of Niagara-on-the-Lake,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The College will be subject to delay which will force the College to accommodate essential activities and academic programs in premises inadequate for those purposes, with the result that students, staff and members of the community will be without adequate academic facilities; and
- B. The College will be unable to meet the existing expansion needs of the St. Catharines Campus, since there is insufficient expansion area on the existing Campus, with the result that the Campus area will be congested and improperly used.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The requirements of the *Planning Act* and planning process will adequately address environmental concerns and ensure opportunities for adequate public consultation. This process consists of complete public review of development issues of local and provincial scope and interest, as well as potential sources of environmental (natural, social, cultural, economic and technical) impact.
- B. The proponent has carried out presubmission consultation with the Ministry of Environment and Energy, and the proposal was circulated to appropriate ministries, agencies and local municipalities for comment.

- C. The new Niagara College Campus is viewed as a catalyst to the development of the Glendale Industrial Area. This area has been planned for redevelopment in the past and is supported by The Corporation of the Town of Niagara-on-the-Lake as an appropriate location for such development.
- D. Copies of documents related to the foregoing reasons may be found in the Public Record files maintained under section 30 of the *Environmental Assessment Act*.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The stormwater management plan to be prepared for this development shall be designed in accordance with the Glendale Industrial Area Stormwater Management Plan covering the subject property and surrounding lands. The stormwater management plan for the new Niagara College Campus must receive the approval of the Niagara Peninsula Conservation Authority and the Ministry of Natural Resources — Niagara Peninsula District before any work commences on site preparation. Copies of the approvals will be provided to the Environmental Assessment Branch of the Ministry of Environment and Energy for placing in the Public Record Files.
